1. Cook pasta

Bring a large saucepan of **salted water** to a boil. Add **pasta** and cook, stirring often to prevent sticking, until al dente, about 9 minutes. Reserve ¼ cup **cooking water** and drain.

2. Cook beef

Meanwhile, heat a large skillet over medium-high. Add **beef** and cook until browned and cooked through, 5-7 minutes. Reduce heat to medium; add **all of the taco seasoning** and cook until fragrant, about 1 minute. Add **3 tablespoons water** and bring to a simmer, scraping up any browned bits from bottom of skillet.

3. Finish & serve

Add **all of the cheese sauce, cooked pasta**, and **half of the salsa**. Cook, stirring, until evenly combined. Thin with **1 tablespoon reserved cooking water** at a time, if necessary. Season to taste with **salt** and **pepper**.

Serve **mac and cheese** with **remaining salsa** and **Fritos** over top. Enjoy!
